

REGIONAL ANAESTHESIA

Learning Track 3

W

Workshop

USRAW4

Ultrasound-guided regional anaesthesia workshop (4) - Advanced lower limb blocks

**IMPORTANT NOTICE: access to this workshop is limited to pre-registered delegates

About this workshop:

This half-day hands-on ultrasound workshop will focus on the advanced skills in ultrasound techniques relevant to anaesthesiologists. This workshop includes expert-led practice on living models.

After the session, participants will have acquired the skills in ultrasound-guided regional anaesthesia of the lower limb.

Target audience:

Residents, fellows, physicians interested in regional anaesthesia.

Chair:

David Coad (Edinburgh, United Kingdom)
