Scientific
Programme

www.esaic.org
www.Euroanaesthesia.org

The scientific programme is divided into the 17 different learning tracks listed below. In the day-by-day programme, the appropriate icon is mentioned on each session.

 <p>General Anaesthesiology</p>	 <p>Ambulatory Anaesthesia</p>	 <p>Regional Anaesthesia</p>
 <p>Obstetric Anaesthesiology</p>	 <p>Paediatric Anaesthesiology</p>	 <p>Neuroanaesthesiology</p>
 <p>Cardiac, Thoracic and Vascular Anaesthesiology</p>	 <p>Acute and Chronic Pain Management and Palliative Medicine</p>	 <p>Intensive Care Medicine</p>
 <p>Critical Emergency Medicine: Trauma and Resuscitation</p>	 <p>Respiration and Airway Management</p>	 <p>Transfusion, Haemostasis and Thrombosis</p>
 <p>Perioperative Medicine</p>	 <p>Patient Safety</p>	 <p>Geriatric Anaesthesiology</p>
 <p>Leadership, Self-Development and Education</p>	 <p>ESAIC Sessions</p>	

SAT 3 June 2023

O

Other

OC
Opening Ceremony

08:30 – 09:15

Clyde Auditorium

Chair: Edoardo De Robertis (Perugia, Italy)

L

Keynote Lecture

ESAL1
Prof Ibsen Lecture

09:15 – 09:45

Clyde Auditorium

Chair: Idit Matot (Tel Aviv, Israel)

Past, present and future of Intensive Care Medicine
Speaker: Jean-Louis Vincent (Brussels, Belgium)

L

Keynote Lecture

ESAL2
Sir Robert Macintosh Lecture

09:45 – 10:15

Clyde Auditorium

Chair: Idit Matot (Tel Aviv, Israel)

Informed consent: The pursuers perspective
Speaker: Nadine Montgomery (Glasgow, United Kingdom)

P

Panel Discussion

15P1
Should we operate on everyone?

10:45 – 11:45

Clyde Auditorium

Chair: Paul McConnell (Paisley, United Kingdom)

A matter of pathology? The surgeon's perspective
Speaker: Susan Moug (Paisley, United Kingdom)

A matter of outcome? The intensivist's perspective
Speaker: Sharon Einav (Jerusalem, Israel)

A matter of choice? The patient's perspective
Speaker: Nadine Montgomery (Glasgow, United Kingdom)

Panel discussion

SAT 3 June 2023

LT

Lightning Talks

03LT1

Issues in regional anaesthesia (RA): how to reduce them?

10:45 – 11:45

Chair: Maria Wittmann (Bonn, Germany)

Lomond Auditorium

Failed block

Speaker: Tatiana Sidiropoulou (Athens, Greece)

Nerve injury

Speaker: Luc Sermeus (Brussels, Belgium)

Local anaesthetic systemic toxicity

Speaker: Alan Macfarlane (Glasgow, United Kingdom)

Rebound pain

Speaker: Patricia Lavand'Homme (Brussels, Belgium)

Discussion

LT

Lightning Talks

ESALT1

Carbon footprint in anaesthesia: can I really make a difference?

Session organised by the ESAIC Sustainability Committee

10:45 – 11:45

Chair: Patricio González-Pizarro (Madrid, Spain)

Ness - Hall 2

How can we measure our carbon footprint?

Speaker: Lucia Misquita (London, United Kingdom)

Activated charcoal devices – Life cycle assessment and efficacy

Speaker: Cármen Oliveira (Porto, Portugal)

Minimising energy consumption in the OR

Speaker: Nicolaas Hendrik Sperna Weiland (Amsterdam, Netherlands)

Eco-design healthcare

Speaker: Laure Bonnet (Monaco, Monaco)

Discussion

SAT 3 June 2023

LT

Lightning Talks

12LT1

Should we apply autotransfusion techniques in...

10:45 – 11:45

Hall 1

Chair: Daniel Bolliger (Basel, Switzerland)

... trauma patients?

Speaker: Jonathan H. Waters (Pittsburgh, United States)

... obstetric haemorrhage?

Speaker: Helen McNamara (Liverpool, United Kingdom)

... patients scheduled for cancer surgery?

Speaker: Andrea Steinbicker (Frankfurt, Germany)

... cardiac surgery?

Speaker: Dania Fischer (Heidelberg, Germany)

Discussion

P

Panel Discussion

ESAP1

Cardiac biomarkers: reconciling divergence of opinions

10:45 – 11:45

Forth

Chair: Stefan De Hert (Ghent, Belgium)

The meaning of cardiac biomarkers in the perioperative period

Speaker: Bernardo Bollen Pinto (Geneva, Switzerland)

Grading evidence for recommendations

Speaker: Arash Afshari (Copenhagen, Denmark)

ESAIC focused guidelines on cardiac biomarkers

Speaker: Michelle Chew (Linköping, Sweden)

Speaker: Giovanna Attilia Luisa Lurati Buse (Düsseldorf, Germany)

Panel discussion: how to integrate (diverging) recommendations in clinical practice

Moderator: Stefan De Hert (Ghent, Belgium)

SAT 3 June 2023

D

Pro-Con Debate

11D1

Muscle relaxant should be used for tracheal intubation in the paediatric patient. Pro-con

10:45 – 11:45

Alsh

Chair: Kemal Tolga Saracoglu (Istanbul, Turkey)

Pro:

Speaker: Dusica Simic (Belgrade, Serbia)

Con:

Speaker: Morten Boettger (Copenhagen, Denmark)

Discussion and voting

CB

Case-Based
Discussion

01CB1

Getting the most out of a Target-Controlled Infusion (TCI) pump?

10:45 – 11:45

Boisdale

Chair: Michel Struys (Groningen, Netherlands)

The use of global purpose TCI models for dummies! How to dose an obese teenager, a neonate and other challenging patients

Speaker: Laura Hannivoort (Groningen, Netherlands)

Interactive case discussion to illustrate a correct interpretation and application of effect-site controlled intravenous anaesthesia

Speaker: Hugo Vereecke (Brugge, Belgium)

Guidelines for safe Total Intravenous Anaesthesia (TIVA) application: case examples of how things can go wrong

Speaker: Anthony Absalom (Groningen, Netherlands)

SAT 3 June 2023

S

Symposium

ESAS1 ***This session will not be livestreamed*

Pain research and management: Lessons (to be) learned from large EU (network) grants

Session organised by the ESAIC Research Committee

10:45 – 11:45

ESAIC Expo

Chair: Esther M. Pogatzki-Zahn (Muenster, Germany)

IMI-Pain Care – an overview about 4 years of research to improve pain management

Speaker: Esther M. Pogatzki-Zahn (Muenster, Germany)

Long-term pain and opioids after surgery (PANDOS) – a new Research Group

Speaker: Patrice Forget (Aberdeen, United Kingdom)

Patient involvement in (pain) research – why, how and who should join?

Speaker: Lone Hummelshoj (London, United Kingdom)

LT

Lightning Talks

ESALT2 ***This session will not be livestreamed*

GAS Symposium: Green Anaesthesia Scotland - Building a national sustainability project from the ground up

Session organised by the ESAIC Sustainability Committee

12:15 – 13:15

ESAIC Expo

Chair: Paul McConnell (Paisley, United Kingdom)

The Green Theatres Project: where can we make changes?

Speaker: Kenneth Barker (Inverness, United Kingdom)

Desflurane: A Scottish success story

Speaker: Ewan Jack (Larbert, United Kingdom)

It takes a hospital: reducing and eliminating nitrous

Speaker: Alifia Chakera (Edinburgh, United Kingdom)

Beyond anaesthesia - Expanding sustainability to education and other areas of clinical practice

Speaker: Pavan Bangalore (Dundee, United Kingdom)

Discussion

SAT 3 June 2023

D

Pro-Con Debate

12D1

Point-of-Care (POC) coagulation monitoring affects patients' outcome. Pro-con

13:30 – 14:30

Clyde Auditorium

Chair: Christian von Heymann (Berlin, Germany)

Pro: POC coagulation monitoring affects patients' outcome

Speaker: Daniel Bolliger (Basel, Switzerland)

Con: POC coagulation monitoring does not affect patients' outcome

Speaker: Christian Fenger-Eriksen (Aarhus, Denmark)

Discussion and voting

LT

Lightning Talks

09LT1

Focus on maternal critical care

13:30 – 14:30

Lomond Auditorium

Chair: Sharon Einav (Jerusalem, Israel)

Maternal critical care is a growing concern: just look at the numbers

Speaker: Kerry Litchfield (Glasgow, United Kingdom)

Maternal critical care resources and disparities

Speaker: Pawel Krawczyk (Kraków, Poland)

Focus on mom when she's the sick one

Speaker: Sharon Einav (Jerusalem, Israel)

Maternal critical care in low resource settings

Speaker: Emilia Guasch (Madrid, Spain)

Discussion

D

Pro-Con Debate

01D1

Microcirculation is important to assess during surgery. Pro-con

13:30 – 14:30

Ness - Hall 2

Chair: Bernd Saugel (Hamburg, Germany)

Pro:

Speaker: Jacques Duranteau (Le Kremlin-Bicêtre, France)

Con:

Speaker: Moritz Flick (Hamburg, Germany)

Discussion and voting

SAT 3 June 2023

D

Pro-Con Debate

15D1

Multimodal prehabilitation helps improve postoperative outcomes. Pro-Con

13:30 – 14:30

Hall 1

Chair: Idit Matot (Tel Aviv, Israel)

Pro:

Speaker: Lisbeth Evered (New York, United States)

Con:

Speaker: Emre Sertaç Bingül (Istanbul, Turkey)

Discussion and voting

P

Panel Discussion

16P1

With your permission: An expert panel on consent in anaesthesia

13:30 – 14:30

Forth

Chair: Paul McConnell (Paisley, United Kingdom)

Changing the law - A personal perspective

Speaker: Nadine Montgomery (Glasgow, United Kingdom)

Shared decision making

Speaker: Thomas Heidegger (Grabs, Switzerland)

The law and clinical practice

Speaker: Rhona Das Siegmeth (Glasgow, United Kingdom)

Explaining risk

Speaker: Natalie Joseph-Williams (Cardiff, United Kingdom)

Panel discussion

SAT 3 June 2023

S

Symposium

ESAS2

Should women and men be managed differently in the perioperative period?

Session organised by the ESAIC Gender Equity Committee

13:30 – 14:30

Alsh

Chair: Vojislava Neskovic (Belgrade, Serbia)

Gender aspects on perception of nociceptive pain

Speaker: Anna Sellgren Engskov (Malmö, Sweden)

Speaker: Jonas Åkeson (Malmö, Sweden)

Sex and gender in critical care: do they affect the outcome?

Speaker: Sheila Nainan Myatra (Mumbai, India)

Sex and gender in anaesthesia: relevant for perioperative safety?

Speaker: Stefan Mihai-Gabriel (Bucharest, Romania)

S

Symposium

09S1

Perioperative fluids and beyond

Session organised by the International Fluid Academy (IFA)

13:30 – 14:30

Boisdale

Chair: Manu Malbrain (Lovenjoel, Belgium)

Chair: Marlies Ostermann (London, United Kingdom)

How to monitor volaemia status?

Speaker: Marlies Ostermann (London, United Kingdom)

Is less more? Discussion of the recent evidence

Speaker: Carmen Pfortmüller (Bern, Switzerland)

How big data can help guiding fluid stewardship

Speaker: Manu Malbrain (Lovenjoel, Belgium)

Round table discussion

Speaker: Manu Malbrain (Lovenjoel, Belgium)

SAT 3 June 2023

S

Symposium

ESAS3 ***This session will not be livestreamed*

EJA: burning issues!

Session organised by the European Journal of Anaesthesiology (EJA)

EJA

13:30 – 14:30

ESAIC Expo

Chair: Michelle Chew (Linköping, Sweden)

Statistically significant or minimal clinically important difference, what really matters?

Speaker: Nadia Elia (Geneva, Switzerland)

Impact Factor, Altmetric, etc... Do we still need these indexes?

Speaker: Arash Afshari (Copenhagen, Denmark)

Is it better to be cited or to be read?

Speaker: Rupert Pearse (London, United Kingdom)

S

Symposium

10S1

Hot Topics in Critical Emergency Medicine (CREM) - Last 12 months' top publications

14:45 – 15:45

Clyde Auditorium

Chair: Or Goren (Tel Aviv, Israel)

Airway management

Speaker: Ayten Saracoglu (Istanbul, Turkey)

CREM in the emergency room

Speaker: Jochen Hinkelbein (Cologne, Germany)

Patient's awareness during cardiopulmonary resuscitation

Speaker: Bernd Böttiger (Cologne, Germany)

S

Symposium

08S1

Is my patient fit for surgery and can we influence outcome?

14:45 – 15:45

Lomond Auditorium

Chair: Patrice Forget (Aberdeen, United Kingdom)

Fit for surgery - the surgeon's perspective

Speaker: Susan Moug (Paisley, United Kingdom)

Does intrathecal morphine improve patient's outcome after lower joint replacement?

Speaker: Eric Albrecht (Lausanne, Switzerland)

Preparing for success: working with patients' expectations

Speaker: Chantal Berna-Renella (Lausanne, Switzerland)

SAT 3 June 2023

P

Panel Discussion

04P1

Equipment and drug shortages in the labour ward

14:45 – 15:45

Ness - Hall 2

Chair: Nuala Lucas (London, United Kingdom)

NRFit - Evolution and implications of new neuraxial connectors

Speaker: Nuala Lucas (London, United Kingdom)

Drugs shortages impacting obstetric anaesthetic practice

Speaker: Lisa Leffert (Yale, United States)

Impact of shortages on Low and Middle Income Countries (LMIC)

Speaker: Mauricio Vasco (Bogotá, Colombia)

Panel discussion

LT

Lightning Talks

01LT1

Anaesthesia in war times

14:45 – 15:45

Hall 1

Chair: Iurii Kuchyn (Kyiv, Ukraine)

Management of trauma from firearms and explosive devices

Speaker: Fatos Sada (Pristina, Kosovo)

Obstetric anaesthesia and trauma in the obstetric patient in low resource setting

Speaker: Georgia Micha (Ioannina, Greece)

Regional anaesthesia for the trauma patient

Speaker: Emre Erbabacan (Istanbul, Turkey)

Exposure of Emergency Medical Services (EMS) and rescue personnel to toxic agents during rescue missions

Speaker: Vitor Almeida (Viseu, Portugal)

Discussion

SAT 3 June 2023

LT

Lightning Talks

14LT1

Capnography for every unconscious patient

Session organised by the World Federation of Societies of Anesthesiologists

14:45 – 15:45

Forth

Chair: Wayne Morriss (Christchurch, New Zealand)

Dr David Whitaker

Speaker: David Whitaker (Manchester, United Kingdom)

Prof Ellen O'Sullivan

Speaker: Ellen P. O'Sullivan (Dublin, Ireland)

Prof Sheila Myatra

Speaker: Sheila Nainan Myatra (Mumbai, India)

Prof Adrian W Gelb

Speaker: Adrian Gelb (San Francisco, United States)

Discussion

P

Panel Discussion

07P1

New paradigms of organ damage and repair: does anaesthesia influence transplant outcomes?

14:45 – 15:45

Alsh

Chair: Bernard Cholley (Paris, France)

Anaesthetic-induced organ protection in renal transplantation

Speaker: Gertrude Nieuwenhuijs-Moeke (Groningen, Netherlands)

Lessons from ex-vivo heart and lung perfusion: clinical and molecular assessment and reconditioning

Speaker: Nandor Marczin (Harefield, United Kingdom)

New intensive care paradigms of Primary Graft Dysfunction

Speaker: Bernard Cholley (Paris, France)

Panel discussion

SAT 3 June 2023

P

Panel Discussion

09P1

How to treat the hypercapnic respiratory failure in obstructive pulmonary disease?

14:45 – 15:45

Boisdale

Chair: Yael Lichter (London, United Kingdom)

How to ventilate hypercapnic patients with obstructive pulmonary disease?

Speaker: Christian Putensen (Bonn, Germany)

Optimising pharmacologic treatment in obstructive pulmonary disease

Speaker: Mariangela Pellegrini (Uppsala, Sweden)

Extracorporeal carbon dioxide removal for treatment of exacerbated obstructive pulmonary disease

Speaker: Tommaso Tonetti (Bologna, Italy)

Non-invasive ventilation in acute hypercapnic respiratory failure

Speaker: Andrea Cortegiani (Palermo, Italy)

Panel discussion

S

Symposium

ESAS4 ***This session will not be livestreamed*

Improving Patient Safety in Surgical Care Through Standardisation: SAFEST

Session organised by the ESAIC Patient Safety and Quality Committee

14:45 – 15:45

ESAIC Expo

Chair: Cathy Weynants (Brussels, Belgium)

SAFEST Surgery: A Horizon Europe project overview

Speaker: Maria Wittmann (Bonn, Germany)

European Perioperative Patient Safety Standardized Practices Consensus

Speaker: Daniel Arnal (Alcorcon, Spain)

ESAIC Role in the SAFEST surgery project

Speaker: Arta Leci (Brussels, Belgium)

SAT 3 June 2023

S

Symposium

ESAS5 ***This session will not be livestreamed*
ESAIC Patient Safety and Quality projects update

Session organised by the ESAIC Patient Safety and Quality Committee

16:15 – 17:15

Chair: Jannicke Mellin-Olsen (Haslum, Norway)

ESAIC Expo

Safer Care to Save Lives: European patient safety training

Speaker: Benedikt Preckel (Amsterdam, Netherlands)

Peer Review in Patient Safety in Anaesthesiology and Intensive Care (PRIPSAIC) Project results

Speaker: Andrew Fairley Smith (Lancaster, United Kingdom)

Patient Safety EU project: SAFEST

Speaker: Daniel Arnal (Alcorcon, Spain)

L

Lecture

06L1
Hot Topics in Neuroanaesthesiology - Last 12 months' top publications

16:30 – 17:15

Chair: Aeyal Raz (Haifa, Israel)

Clyde Auditorium

Hot Topics in Neuroanaesthesiology: Last 12 months top publications

Speaker: Vincent Bonhomme (Liège, Belgium)

ME

Meet-the-Expert

09ME1
Ventilatory management of acute hypoxemic respiratory failure in the ICU

16:30 – 17:15

Chair: Andrea Cortegiani (Palermo, Italy)

Lomond Auditorium

Ventilatory management of acute hypoxemic respiratory failure in the ICU

Speaker: Jean-Louis Vincent (Brussels, Belgium)

SAT 3 June 2023

ME

Meet-the-Expert

07ME1

Evolution of anaesthesia for transcatheter valve surgery

16:30 – 17:15

Chair: Zeliha Asli Demir (Ankara, Turkey)

Ness - Hall 2

Evolution of anaesthesia for transcatheter valve surgery

Speaker: Steffen Rex (Leuven, Belgium)

ME

Meet-the-Expert

08ME1

Persistent postoperative opioid use in Europe

16:30 – 17:15

Chair: Patricia Lavand'Homme (Brussels, Belgium)

Hall 1

Persistent postoperative opioid use in Europe

Speaker: Patrice Forget (Aberdeen, United Kingdom)

ME

Meet-the-Expert

16ME1

Realistic Medicine

16:30 – 17:15

Chair: Paul McConnell (Paisley, United Kingdom)

Forth

Realistic medicine

Speaker: Professor Sir Gregor Smith (Edinburgh, United Kingdom)

ME

Meet-the-Expert

05ME1

Perioperative management of the neonate and premature

16:30 – 17:15

Chair: Markus Florian Stevens (Amsterdam, Netherlands)

Alsh

Perioperative management of the neonate and premature

Speaker: Britta von Ungern-Sternberg (Perth, Australia)

SAT 3 June 2023

PB

Problem-Based
Learning Discussion

10PB1

Anaesthetic and intensive care management of adult burn patient

***This session is only available to onsite delegates.*

Capacity is limited to max 20 participants (first come first served)

16:30 – 17:15

Gala 1

Anaesthetic and intensive care management of adult burn patient

Facilitator: Tomasz Torlinski (Birmingham, United Kingdom)

S

Symposium

09S2

Update on adjunctive therapies in sepsis

17:30 – 18:30

Clyde Auditorium

Chair: Jean-Louis Vincent (Brussels, Belgium)

Immunopathology and biomarker in sepsis: useful to guide future therapies?

Speaker: Mervyn Singer (London, United Kingdom)

Emerging pharmacological therapies

Speaker: Despoina Koulenti (Athens, Greece)

Extracorporeal treatment options

Speaker: Sascha David (Zurich, Switzerland)

SAT 3 June 2023

LT

Lightning Talks

04LT1

Pregnant women with comorbidities need special consideration

17:30 – 18:30

Lomond Auditorium

Chair: Carolyn Weiniger (Tel Aviv, Israel)

Pregnant woman after hepato-renal transplant

Speaker: Alexander Ioscovich (Jerusalem, Israel)

Pregnant women with anaemia

Speaker: Sarah Bell (Cardiff, United Kingdom)

Pregnant women with renal failure

Speaker: Marlies Ostermann (London, United Kingdom)

Obese parturients

Speaker: Ashraf Habib (Duke, United States)

Pregnant women with neurological disease: focus on Arnold Chiari and multiple sclerosis

Speaker: Lisa Leffert (Yale, United States)

Discussion

CB

Case-Based
Discussion

03CB1

Case-based discussion: recipes for orthopaedic surgery

17:30 – 18:30

Ness - Hall 2

Chair: Barbara Breebaart (Edegem, Belgium)

Shoulder awake

Speaker: Alan Macfarlane (Glasgow, United Kingdom)

Total Hip Arthroplasty (THA)

Speaker: Barbara Breebaart (Edegem, Belgium)

Total Knee Arthroplasty (TKA)

Speaker: Eric Albrecht (Lausanne, Switzerland)

SAT 3 June 2023

S

Symposium

06S1

Protecting the vulnerable brain: does drug selection matter?

17:30 – 18:30

Chair: Laura Hannivoort (Groningen, Netherlands)

Hall 1

Protecting the geriatric brain: drug choice, drug dosing and drug monitoring

Speaker: Maria Wittmann (Bonn, Germany)

Protecting the paediatric brain: what's the current evidence?

Speaker: Vesna Jevtovic-Todorovic (Aurora, United States)

Protecting the critically ill brain: can any drug help?

Speaker: Federico Bilotta (Rome, Italy)

LT

Lightning Talks

15LT1

Perioperative care planning in elderly frail patients

17:30 – 18:30

Chair: Finn Radtke (Nykoebing, Denmark)

Forth

Good practice for the preoperative assessment

Speaker: Paola Aceto (Rome, Italy)

Pre-habilitation of elderly frail patients

Speaker: Emre Sertaç Bingül (Istanbul, Turkey)

Nutritional status and postoperative complications

Speaker: Concezione Tommasino (Milan, Italy)

Pitfalls in the postoperative care

Speaker: Cynthia Olotu (Hamburg, Germany)

Discussion

SAT 3 June 2023

S

Symposium

13S1

Innovative research approaches that will transform clinical practice

Session organised by the British Journal of Anaesthesia (BJA)

17:30 – 18:30

Alsh

Chair: Rupert Pearse (London, United Kingdom)

Chair: Lisbeth Evered (New York, United States)

Epidemiology and perioperative allergy

Speaker: Louise Savic (Leeds, United Kingdom)

Mixed methods research and shared decision making

Speaker: Rupert Pearse (London, United Kingdom)

Platform trials and anaesthetic technique

Speaker: Joyce Yeung (Birmingham, United Kingdom)

LT

Lightning Talks

ESALT3

Translating research findings into clinical practice

Session organised by the National Anaesthesiologists Societies Committee (NASC)

17:30 – 18:30

Boisdale

Chair: Marko Zdravkovic (Maribor, Slovenia)

Common pitfalls in interpreting research results in ICU and operating theatre

Speaker: Francesca Rubulotta (Montreal, Canada)

Two conditions must be met: first statistical and then clinical significance

Speaker: Michelle Chew (Linkoping, Sweden)

From research findings on *associations with* to clinical practice

Speaker: André Prato Schmidt (Porto Alegre, Brazil)

Dissemination is the name of the game

Speaker: Matt Wiles (Sheffield, United Kingdom)

Discussion

SAT 3 June 2023

LT

Lightning Talks

ESALT4 ***This session will not be livestreamed*

Meet-the-Editors-in-Chief

Session organised by the European Journal of Anaesthesiology (EJA)

EJA

17:30 – 18:30

ESAIC Expo

Chair: Esther M. Pogatzki-Zahn (Muenster, Germany)

Public involvement in academic publishing (Anaesthesia)

Speaker: Matt Wiles (Sheffield, United Kingdom)

Confirmatory studies, why and when? (Acta Anaesthesiologica Scandinavia)

Speaker: Michael Haney (Umeå, Sweden)

How to prepare impactful figures (CJA)

Speaker: Stephan Schwarz (Vancouver, Canada)

Contributions of anaesthesia journals to promoting original research (BJA)

Speaker: Hugh Hemmings (New York, United States)

Discussion

SUN 4 June 2023

L

Lecture

05L1
Hot Topics in Paediatric Anaesthesiology - Last 12 months' top publications

08:15 – 09:00

Clyde Auditorium

Chair: Markus Florian Stevens (Amsterdam, Netherlands)

Hot Topics in Paediatric Anaesthesiology - Last 12 months' top publications

Speaker: Britta von Ungern-Sternberg (Perth, Australia)

ME

Meet-the-Expert

07ME2
Fundamentals of thoracic anaesthesia: state of the art

08:15 – 09:00

Lomond Auditorium

Chair: Nandor Marczin (Harefield, United Kingdom)

Bronchial blockers as true alternatives to double lumen tubes?

Speaker: Edmond Cohen (New York, United States)

Imaging and bronchoscopy for thoracic anaesthesia

Speaker: Peter Slinger (Toronto, Canada)

Revolution in pain management for thoracic anaesthesia

Speaker: María José Jiménez (Barcelona, Spain)

AE

Ask-the-Expert

01AE1
How to read into the electroencephalogram (EEG) changes during anaesthesia

08:15 – 09:00

Ness - Hall 2

Chair: Finn Radtke (Nykoebing, Denmark)

How to read into the electroencephalogram (EEG) changes during anaesthesia

Speaker: Jamie Sleigh (Hamilton, New Zealand)

SUN 4 June 2023

ME

Meet-the-Expert

09ME2

Precision medicine in Acute Respiratory Distress Syndrome (ARDS)

08:15 – 09:00

Chair: Gary Mills (Sheffield, United Kingdom)

Hall 1

Precision medicine in Acute Respiratory Distress Syndrome (ARDS)

Speaker: Christian Bode (Bonn, Germany)

ME

Meet-the-Expert

14ME1

Understanding and explaining risk

08:15 – 09:00

Chair: Yehuda Ginosar (Jerusalem, Israel)

Forth

Understanding and explaining risk

Speaker: Natalie Joseph-Williams (Cardiff, United Kingdom)

L

Lecture

12L1

Can we really improve patient outcome with preoperative haemoglobin optimisation?

08:15 – 09:00

Chair: Charles Marc Samama (Paris, France)

Alsh

Can we really improve patient outcome with preoperative haemoglobin optimisation?

Speaker: Daniel Bolliger (Basel, Switzerland)

SUN 4 June 2023

S

Symposium

16S1 ***This session will not be livestreamed*

See one, do one, teach one - can we do better?

Session organised by the ESAIC Education and Training Committee

08:30 – 09:30

ESAIC Expo

Chair: Aeyal Raz (Haifa, Israel)

Not everyone is born a teacher: teaching anaesthesiologists how to teach

Speaker: Anne Marie Camilleri Podesta (Msida, Malta)

Interactive and online teaching in the pandemic era - The Teach-The-Teacher (TTT) experience

Speaker: Lesley Bromley (Selsey, United Kingdom)

Examination and evaluation - How to do it correctly?

Speaker: Nadav Sheffy (Petah Tikva, Israel)

S

Symposium

10S2

New ESAIC guidelines on intraoperative cardiac arrest

09:15 – 10:15

Clyde Auditorium

Chair: Bernd Böttiger (Cologne, Germany)

New ESAIC guidelines on intraoperative cardiac arrest

Speaker: Jochen Hinkelbein (Cologne, Germany)

New ESAIC guidelines on intraoperative cardiac arrest - part 2

Speaker: Sharon Einav (Jerusalem, Israel)

SUN 4 June 2023

C

10 Min to Convince

04C1

With regard to obstetric anaesthesia, I strongly believe that...

09:15 – 10:15

Lomond Auditorium

Chair: Emilia Guasch (Madrid, Spain)

... eating in labour is fine

Speaker: Elisheva Fiszer (Tel Aviv, Israel)

... spinals are not safer than epidurals in the setting of thrombocytopenia

Speaker: Lisa Leffert (Yale, United States)

... viscoelastic testing in a labour and delivery unit is more than "just nice to have", it's essential

Speaker: Sarah Bell (Cardiff, United Kingdom)

... measuring general anaesthesia rates for caesarean delivery is harmful to patient care

Speaker: Chris Elton (Leicester, United Kingdom)

Discussion and voting

LT

Lightning Talks

01LT2

Bits and Bolts – Insights into the insides of monitors for anaesthesiologists and trainees

09:15 – 10:15

Ness - Hall 2

Chair: Alexandre Joosten (Villejuif, France)

Pulse oxymeter

Speaker: Maxime Cannesson (Los Angeles, United States)

Processed electroencephalogram (EEG)

Speaker: Valérie Billard (Villejuif, France)

Cerebral oxymetry

Speaker: Reut Schwartz (Tel Aviv, Israel)

Pulse contour analysis monitoring

Speaker: Bernd Saugel (Hamburg, Germany)

Nociception monitoring devices

Speaker: Sean Coeckelenbergh (Villejuif, France)

Discussion

SUN 4 June 2023

LT

Lightning Talks

07LT1

My adult patient with congenital heart disease requires urgent non-cardiac surgery: what should I do?

09:15 – 10:15

Hall 1

Chair: Mona Momeni (Brussels, Belgium)

Patients with an atrial septal defect

Speaker: Steffen Rex (Leuven, Belgium)

Patients with ventricular septal defect

Speaker: Jean-Luc Fellahi (Lyon, France)

Patients with single ventricle and cavo-pulmonary derivation (Fontan procedure)

Speaker: Mona Momeni (Brussels, Belgium)

Patients with Eisenmenger syndrome

Speaker: Andrea Székely (Budapest, Hungary)

Patients with Ebstein anomaly

Speaker: Zeliha Asli Demir (Ankara, Turkey)

Discussion

05P1

Timing of intravenous (IV) access in paediatric anaesthesia: do we always need an IV before airway management? When do not need an IV access at all?

09:15 – 10:15

Forth

Chair: Peter Kenderessy (Banska Bystrica, Slovakia)

Airway (including supraglottic) management without IV access

Speaker: Maren Kleine-Brueggene (Berlin, Germany)

Paediatric sedation without IV access

Speaker: Keira Mason (Boston, United States)

Paediatric anaesthesia without IV access

Speaker: Karin Becke-Jakob (Nuremberg, Germany)

Panel discussion

SUN 4 June 2023

LT

Lightning Talks

09LT2

End-of-life care in the critically ill patient

09:15 – 10:15

Alsh

Chair: Christian Putensen (Bonn, Germany)

How to convert from curative to palliative care in critically ill patients?

Speaker: Martin Neukirchen (Duesseldorf, Germany)

End-of-life care practice in Europe

Speaker: Michael Beil (Inverness, United Kingdom)

But they would want everything done: Ethical dilemmas and family disagreements in end-of-life care

Speaker: Paul McConnell (Paisley, United Kingdom)

Navigating through treatment-limiting decisions in the critically ill

Speaker: Victoria Metaxa (London, United Kingdom)

Discussion
