or come to our Booth #A20

Presenters

**Ensuring optimal tissue perfusion -
What are the options for assessing fluid
responsiveness and cardiac output
optimisation?**

Max Jonas

MD

- › Consultant, Intensive Care Medicine & Anaesthesia
- › Southampton General Hospital
- › Southampton, UK

**Fluid distribution and haemodynamics
perioperatively and in the ICU - the
interaction of preload dependency
and the PI**

Nicolai Bang Foss

MD, DMS

- › Senior Consultant in Anesthesia and Intensive Care
- › Clinical Professor in Acute Perioperative Pathophysiology
- › Hvidovre University Hospital, Denmark

**The role of noninvasive Hb monitoring in
patient blood management and
optimizing oxygen delivery to vital organs**

Stefano Romagnoli

MD, PhD

- › Clinical Specialist at the Department of Oncologic Anesthesia and Intensive Care
- › Professor of Anesthesiology and Reanimation
- › Careggi University Hospital
- › Firenze, Italy
