Serious Games

## Paediatric Anaesthesia Serious Games

**\*\*IMPORTANT NOTICE:** access to Serious Games is limited to pre-registered delegates

**About this session:** Whether you are a trainee or an attending, this Serious Game will help you learn (or brush up on!) how to navigate the rollercoaster that can be caring for the paediatric patient!

All anaesthesiologists may care for children with a common cold, obstructive sleep apnoea, requiring simple elective or emergency surgery.

**Learning objectives:** Upon completion of this Serious Game, participants should be able to:

- Design paediatric airway emergency management strategies within the available setting;
- Debate optimal anaesthesia management of the unstable paediatric patient;
- Define the impact of common childhood disease on paediatric anaesthesia management;
- Review induction options for the child requiring emergency surgery;
- Incorporate crisis resource management tools in decision-making in unstable paediatric patient.

**Saturday**  
**25 May 2024**

16:15 – 17:45

**Serious Game Zone**

## **22SG1** **Paediatric Anaesthesia Serious Game (1)**

---

**Faculty:**

Facilitator: Dana Karol (Tel Aviv-Yafo, Israel)

Facilitator: Gaby Kaplan (Tel Aviv, Israel)

Facilitator: Shiri Zarour (Tel Aviv-Yafo, Israel)

Facilitator: Adina Bathel (Berlin, Germany)

**Sunday**  
**26 May 2024**

09:00 – 10:30

**Serious Game Zone**
