Scientific
Programme

www.esaic.org
www.euroanaesthesia.org/2024

Key to Pictograms* (1/3)

Programme Sections 1 & 2

Perioperative Care

GENERAL ANAESTHESIOLOGY

REGIONAL ANAESTHESIA

Patients

THE OBSTETRIC PATIENT

THE PAEDIATRIC PATIENT

THE GERIATRIC PATIENT

CRITICAL EMERGENCY MEDICINE
Trauma and Resuscitation

PAIN AND PALLIATIVE MEDICINE

Key to Pictograms* (2/3)

Programme Sections 3, 4 & 5

Organs

BRAIN

Neuro-anaesthesiology and Intensive Care

HEART

Cardiovascular and Haemodynamics

LUNG AND THORACIC ANAESTHESIA

Ventilation and Pulmonary Disease in OR & ICU

INFECTION, SEPSIS AND IMMUNOLOGY

Therapies

DRUGS AND PHARMACOLOGY

AIRWAY MANAGEMENT

FLUID AND BLOOD MANAGEMENT

Transfusion, Haemostasis, Thrombosis, etc.

ESAIC Sessions

Key to Pictograms* (3/3)

Other Topics Highlighted in the Programme

Intensive Care Medicine

Devices & Technology

Ambulatory Anaesthesia

Education

Career & Wellbeing

Research & Guidelines

Sustainability

Patient Safety

Ethics

Metabolic Disease
& Obesity

Hepatobiliary & Kidney

SATURDAY 25 MAY 2024

C

Ceremony

OC
Opening Ceremony

08:15 – 09:00

Chair: Wolfgang Buhre (Utrecht, Netherlands)

Auditorium 1

L

Keynote Lecture

ESAL1
Prof Ibsen Lecture

09:00 – 09:30

Chair: Michel MRF Struys (Groningen, Netherlands)

Auditorium 1

The art of decision-making in medicine

Speaker: Victoria Metaxa (London, United Kingdom)

L

Keynote Lecture

ESAL2
Sir Robert Macintosh Lecture

09:30 – 10:00

Chair: Michel MRF Struys (Groningen, Netherlands)

Auditorium 1

Is an anaesthesiologist required on board during mission to Mars?

Speaker: Matthieu Komorowski (London, United Kingdom)

LT

Lightning Talk

ESALT1

Perioperative sustainability: can I really make a difference?

Session organised by the ESAIC Sustainability Committee

10:15 – 11:15

Chair: Jane Muret (Paris, France)

ESAIC Expo

ESAIC recommendations on perioperative sustainability

Speaker: Patricio González-Pizarro (Madrid, Spain)

N2O and desflurane: time to move on?

Speaker: Jane Muret (Paris, France)

Research in sustainability: highly needed and feasible!

Speaker: Nicolaas Hendrik Sperna Weiland (Amsterdam, Netherlands)

Wellbeing and burn-out: time to take care of ourselves!

Speaker: Andrea Cortegiani (Palermo, Italy)

Discussion

SP

Spotlight Session

11SP1

All I want to know about EEG, am afraid to ask, thought I will never understand

10:30 – 11:30

Chair: Aeyal Raz (Haifa, Israel)

Auditorium 1

Cracking the code: decoding EEG patterns and artefacts

Speaker: Matthias Kreuzer (Munich, Germany)

From fear to fascination: embracing the world of EEG monitoring

Speaker: Basak Ceyda Meço (Ankara, Turkey)

The truth behind the li(n)es: evaluating the strengths and weaknesses of EEG devices

Speaker: Darren Hight (Bern, Switzerland)

D

Pro-Con Debate

32D1

ICU after major non cardiac surgery: do all high-risk cardiac patients need it? Pro-con

10:30 – 11:30

Chair: Fabio Guarracino (Pisa, Italy)

Room 14B

Yes, all high-risk cardiac patients need ICU after major non cardiac surgery

Speaker: Daniela Ionescu (Cluj Napoca, Romania)

No, not all high-risk cardiac patients need ICU after major non cardiac surgery

Speaker: Mona Momeni (Brussels, Belgium)

Discussion and voting

S

Symposium

10S1

Postoperative recovery and quality of life, and the role of the anaesthetist in the postoperative period

10:30 – 11:30

Chair: Wolfgang Buhre (Utrecht, Netherlands)

Room 14A

Postoperative patient reported outcomes in the Netherlands and implications for anaesthesia practice (TRACE Study)

Speaker: Markus W. Hollmann (Amsterdam, Netherlands)

Results and implications from cohorts in another healthcare system (the POSE Study)

Speaker: Ana Kowark (Bonn, Germany)

The surgeon's perspective

Speaker: Susan Moug (Paisley, United Kingdom)

S

Symposium

22S1

Long-term cognitive and behavioural outcomes after surgery and/or Post-Intensive Care Unit (PICU) admission in early childhood - What have we learned?

10:30 – 11:30

Chair: Karin Becke-Jakob (Nuremberg, Germany)

Room 14C

What paediatric outcomes to look at?

Speaker: Shirley Friedman (Tel Aviv, Israel)

Long-term outcomes after paediatric surgery

Speaker: Laszlo Vutskits (Geneva, Switzerland)

The role of PICU admission

Speaker: Aparna Hoskote (London, United Kingdom)

ME

Meet-the-Expert

34ME1

Sepsis: towards an individualised approach

10:30 – 11:15

Chair: Krisztina Madách (Budapest, Hungary)

Room 13A

From a guideline-based towards an individually tailored sepsis management

Speaker: Mervyn Singer (London, United Kingdom)

S

Symposium

10S2

Walking the line: professional duties and ethical imperatives

10:30 – 11:30

Chair: Vladimír Černý (Ústí nad Labem, Czech Republic)

Room 13B

Whistleblowing as an ethical duty

Speaker: Jean McHale (Birmingham, United Kingdom)

Duty of candour when errors are criminalised

Speaker: Eimear Bourke (Dublin, Ireland)

S

Symposium

25S1

Palliative and compassionate care in ICU

10:30 – 11:30

Chair: Ornella Piazza (Baronissi, Italy)

Room 5

Compassionate care and resource allocation in ICU

Speaker: Ornella Piazza (Baronissi, Italy)

Management of patients with 'do not intubate' orders

Speaker: Edoardo De Robertis (Perugia, Italy)

Palliative care in ICU: the role of telemedicine

Speaker: Christiane Hartog (Berlin, Germany)

D

Pro-Con Debate

ESAD1

Environmental sustainability and patient safety agendas are competing against each other. Pro-con

Session organised by the ESAIC Patient Safety and Quality Committee

11:45 – 12:45

Chair: Patricio González-Pizarro (Madrid, Spain)

ESAIC Expo

Patient safety is compromised by sustainability activities

Speaker: Benedikt Preckel (Amsterdam, Netherlands)

Sustainable anaesthesia improves patient safety

Speaker: Susanne Koch (Berlin, Germany)

Discussion and voting

LT

Lightning Talk

10LT1

What makes patient outcome favourable...

13:15 – 14:15

Chair: Luc Sermeus (Brussels, Belgium)

Room 14B

... after general anaesthesia?

Speaker: Alan Macfarlane (Glasgow, United Kingdom)

... after regional anaesthesia

Speaker: Emmanuel Boselli (Bourgoin-Jallieu, France)

... for perioperative pain management?

Speaker: Ulrike Stamer (Bern, Switzerland)

... after paediatric anaesthesia?

Speaker: Karin Becke-Jakob (Nuremberg, Germany)

Discussion

S

Symposium

41S1

Postoperative vasopressors use: the results of the SQUEEZE study

13:15 – 14:15

Room 14C

Chair: Ib Jammer (Bergen, Norway)

Co-Chair: Ben Creagh-Brown (Guildford, United Kingdom)

Vasopressors: when, how, why?

Speaker: Fabio Guarracino (Pisa, Italy)

Global incidence of postoperative vasopressor use - The results of the SQUEEZE study

Speaker: Ib Jammer (Bergen, Norway)

Future research on postoperative vasopressors

Speaker: Ben Creagh-Brown (Guildford, United Kingdom)

L

Lecture

ESAL3

'The Ethics Police?' - Making human research safe

Research lecture in memory of Professor Andreas Hoeft

13:15 – 14:00

Room 13A

Chair: Michel MRF Struys (Groningen, Netherlands)

'The Ethics Police?' - Making human research safe

Speaker: Robert Klitzman (New York, United States)

C

10 Minutes to Convince ...

25C1

Preventing deterioration during postoperative pain therapy

13:15 – 14:15

Room 13B

Chair: Caterina Aurilio (Naples, Italy)

What first: early recovery or symptom control?

Speaker: Hans Donald De Boer (Groningen, Netherlands)

What first: personalisation or standardisation?

Speaker: Kathleen Ferguson (Aberdeen, United Kingdom)

Nociception monitoring

Speaker: Hugo Vereecke (Groningen, Netherlands)

Wireless SpO2 monitoring

Speaker: Patrice Forget (Aberdeen, United Kingdom)

Discussion and voting

S

Symposium

31S1

Brain mechanisms of anaesthesia: an update

13:15 – 14:15

Chair: Özlem Korkmaz Dilmen (Istanbul, Turkey)

Room 5

Theories of consciousness: how do they help us understand anaesthesia

Speaker: Olivia Gosseries (Liège, Belgium)

Thalamo-cortical circuits: are they the key?

Speaker: Aeyal Raz (Haifa, Israel)

Brain effects of anaesthetics at a system level

Speaker: Vincent Bonhomme (Liège, Belgium)

ME

Meet-the-Expert

ESAME1

How can I make my own Life Cycle Analysis (LCA) on perioperative care?

Session organised by the ESAIC Sustainability Committee

13:15 – 14:00

Chair: Patricio González-Pizarro (Madrid, Spain)

ESAIC Expo

How can I make my own Life Cycle Analysis (LCA) on perioperative care?

Speaker: Jodi Sherman (New Haven, United States)

L

Lecture

24L1

Hot Topics in Critical Emergency Medicine (CREM) – Last 12 months' top publications

13:30 – 14:15

Chair: Athanasios Chalkias (Larissa, Greece)

Auditorium 1

Hot Topics in Critical Emergency Medicine (CREM) – Last 12 months' top publications

Speaker: Bernd Böttiger (Cologne, Germany)

ME

Meet-the-Expert

33ME1

New guidelines for the management of Acute Respiratory Distress Syndrome (ARDS)

13:30 – 14:15

Chair: Gary Mills (Sheffield, United Kingdom)

Room 14A

New guidelines for the management of ARDS

Speaker: Giacomo Grasselli (Milan, Italy)

LT

Lightning Talk

21LT1

Monitoring and devices in obstetrics

14:30 – 15:30

Chair: Alexander Ioscovich (Jerusalem, Israel)

Auditorium 1

Airway kit on the labour ward

Speaker: Nuala Lucas (London, United Kingdom)

Non-invasive cardiac output measurements

Speaker: Steve Cantellow (Nottingham, United Kingdom)

POCUS – when and how?

Speaker: Peter Van de Putte (Bonheiden, Belgium)

Point-of-care coagulation testing

Speaker: Alexander Ioscovich (Jerusalem, Israel)

Discussion

S

Symposium

33S1

Lung protective ventilation in patients with obesity

Session organised by the European Society of Perioperative Care for Obese Patients (ESPCOP)

14:30 – 15:30

Chair: Daniela Godoroja (Bucharest, Romania)

Room 14B

What is different in the lung physiology of the patient with obesity undergoing surgery

Speaker: Tomasz Gaszynski (Lodz, Poland)

How to apply lungprotective guidelines in patients with obesity

Speaker: Luc De Baerdemaeker (Ghent, Belgium)

the impact of lung protective ventilation on postoperative lung function in patients suffering from obesity

Speaker: Sarah Saxena (Brugge, Belgium)

P

Panel Discussion

31P1

Protecting the mind: effective strategies to prevent cognitive disorder

14:30 – 15:30

Chair: Finn Radtke (Nykoebing, Denmark)

Room 14A

Protecting the brain in cardiac surgery

Speaker: Mona Momeni (Brussels, Belgium)

Update on optimised sedative and analgesic approaches in geriatric care

Speaker: Cynthia Olotu (Hamburg, Germany)

Strategies to decrease neurocognitive disorders in the elderly

Speaker: Lisbeth Evered (New York, United States)

Panel discussion

S

Symposium

41S2

Destroy our drugs, not our planet

14:30 – 15:30

Chair: Susanne Koch (Berlin, Germany)

Room 14C

Anaesthetic drugs and water pollution

Speaker: Jennifer Waspe (Sheffield, United Kingdom)

Antibiotics in our water systems

Speaker: Olga Nunes (Porto, Portugal)

Reducing toxic drugs in wastewater

Speaker: Moisés Canle López (A Coruña, Spain)

S

Symposium

30S1

Organ donation in the 21st century – A journey of hope or a road to dystopia?

14:30 – 15:30

Chair: Vladimír Černý (Ústí nad Labem, Czech Republic)

Room 13A

Defining death and organ donation

Speaker: Dale Gardiner (Nottingham, United Kingdom)

Voluntary euthanasia and organ donation: dangerous bedfellows?

Speaker: Jan Albert Maria Bollen (Nijmegen, Netherlands)

Organ markets and judicial bargaining: is this the future?

Speaker: Robert Klitzman (New York, United States)

C

10 Minutes to Convince ...

12C1

Non pharmacological approaches to increase patient comfort during regional anaesthesia procedures

14:30 – 15:30

Chair: Alan Macfarlane (Glasgow, United Kingdom)

Room 13B

Hypnotic communication

Speaker: Emmanuel Boselli (Bourgoin-Jallieu, France)

Hypnosis and communication reduce pain and anxiety in peripheral intravenous cannulation

Speaker: Nicolas Fusco (Rennes, France)

Music and virtual reality

Speaker: Emmanuel Boselli (Bourgoin-Jallieu, France)

Non pharmacological interventions in labouring women

Speaker: Fabienne Roelants (Brussels, Belgium)

Discussion and voting

S

Symposium

42S1

Obstructive Sleep Apnoea (OSA) in childhood, associated syndromes and surgical procedures

14:30 – 15:30

Chair: Tom van Zundert (Aalst, Belgium)

Room 5

OSA: pathophysiology, symptoms and related diseases in childhood

Speaker: Ayten Saracoglu (Doha, Qatar)

How to deal with difficult airway in children with OSA

Speaker: Tom van Zundert (Aalst, Belgium)

OSA-related risks during emergence and early postoperative period

Speaker: Özgür Canbay (Ankara, Turkey)

S

Symposium

ESAS1

EJA session – Our main concerns in 2024

Session organised by the European Journal of Anaesthesiology (EJA)

14:30 – 15:30

ESAIC Expo

Chair: Charles Marc Samama (Paris, France)

How do we embrace AI in scientific journals?

Speaker: Tom Giedsing Hansen (Lørenskog, Norway)

Top publications start with the perfect design

Speaker: Marc Van de Velde (Leuven, Belgium)

Goals and challenges for the EJA(IC) – Scientific publication in the modern era

Speaker: Esther M. Pogatzki-Zahn (Muenster, Germany)

S

Symposium

ESAS2

You are what you read: a non-academics guide to journal safety

16:00 – 17:00

ESAIC Expo

Chair: Ornella Piazza (Baronissi, Italy)

The importance of retractions and the impact of bogus publications

Speaker: Alparslan Turan (Cleveland, United States)

Predatory publications, corrupt conferences, and career progression

Speaker: Anne Claire Lukaszewicz (Lyon, France)

I, Chat-bot: The impact of Chat-GPT and large language models on research, publishing and academia

Speaker: Robert Klitzman (New York, United States)

LT

Lightning Talk

32LT1

My patient with severe cardiac co-morbidity requires emergency non-cardiac surgery

16:15 – 17:15

Auditorium 1

Chair: Nandor Marczin (Harefield, United Kingdom)

The patient with heart failure

Speaker: Michelle Chew (Linköping, Sweden)

The patient with ischemic heart disease

Speaker: Fabio Guarracino (Pisa, Italy)

The patient with right ventricular dysfunction

Speaker: Steffen Rex (Leuven, Belgium)

The patient with Left Ventricular Assist Device (LVAD)

Speaker: Vera von Dossow (Bad Oeynhausen, Germany)

Discussion

D

Pro-Con Debate

24D1

Early vasopressors in haemorrhagic shock: pro-con?

16:15 – 17:15

Room 14B

Chair: Ayten Saracoglu (Doha, Qatar)

Pro

Speaker: Janett Kreuziger (Innsbruck, Austria)

Con

Speaker: Athanasios Chalkias (Larissa, Greece)

Discussion and voting

LT

Lightning Talk

23LT1

Optimising the surgical journey for better outcomes in the elderly

16:15 – 17:15

Room 14A

Chair: Finn Radtke (Nykoebing, Denmark)

Engaging patients in their healthcare journey

Speaker: Arvid Steinar Haugen (Bergen, Norway)

Enhancing patient-reported outcomes

Speaker: Basak Ceyda Meço (Ankara, Turkey)

Risks of minimally invasive surgery

Speaker: Paola Aceto (Rome, Italy)

When to stop treatment in the ICU?

Speaker: Sigal Sviri (Jerusalem, Israel)

Discussion

LT

Lightning Talk

30LT1

Organ cross-talk in the abdomen during anaesthesia and intensive care

Session organised by the World Society of the Abdominal Compartment Syndrome (WSACS)

16:15 – 17:15

Room 14C

Chair: Manu Malbrain (Lovenjoel, Belgium)

Chair: Annika Reintam Blaser (Tartu, Estonia)

Venous congestion in the abdomen – detection and management.

Speaker: Rob Wise (Oxford, United Kingdom)

How to optimize volume status, vascular tone and perfusion pressure to preserve kidney function perioperatively

Speaker: Marije Smit (Groningen, Netherlands)

Intra-abdominal pressure in obstetrics

Speaker: Manu Malbrain (Lovenjoel, Belgium)

The gut and the liver – interactions in critical illness.

Speaker: Annika Reintam Blaser (Tartu, Estonia)

Roundtable discussion: Crossing the usual borders between organs

P

Panel Discussion

33P1

Enhanced recovery after thoracic surgery

16:15 – 17:15

Room 13A

Chair: Lorenzo Ball (Genova, Italy)

Prehabilitation

Speaker: Ricard Navarro-Ripoll (Barcelona, Spain)

Perioperative fluid management and nutrition

Speaker: Ruth Shaylor (Tel Aviv, Israel)

Effects of ventilation on postoperative recovery

Speaker: Nuzhet Mert Senturk (Istanbul, Turkey)

Pain management

Speaker: Vojislava Neskovic (Belgrade, Serbia)

Panel discussion

D

Pro-Con Debate

43D1

The patient with recent intake of direct oral anticoagulants (DOACs). All problems are solved with the approval of reversal agents! Pro-con

16:15 – 17:15

Room 13B

Chair: Daniel Bolliger (Basel, Switzerland)

Pro

Speaker: Eleni Arnaoutoglou (Larissa, Greece)

Con

Speaker: Marc Maegele (Cologne, Germany)

Discussion and voting

P

Panel Discussion

10P1

Too complex for ambulatory surgery? Ask your anaesthesiologist

Session organised by the New York State Society of Anesthesiologists (NYSSA)

16:15 – 17:15

Room 5

Chair: Linda Shore-Lesserson (Manhasset, United States)

How do I manage this patient with class IV heart failure?

Speaker: Linda Shore-Lesserson (Manhasset, United States)

Managing the patient with habitual cannabis use

Speaker: Rose Berkun (Buffalo, United States)

Outpatient total joint replacements

Speaker: Steven Schulman (New York, United States)

Ambulatory neurosurgery: who is eligible and how to make it happen?

Speaker: Elisabeth Abramowicz (New York, United States)

Panel discussion

L

Lecture

ESAL4

Hot Topics in Intensive Care Medicine – Last 12 months' top publications

17:30 – 18:15

Auditorium 1

Chair: Jens Meier (Linz, Austria)

Hot Topics in Intensive Care Medicine – Last 12 months' top publications

Speaker: Cesare Gregoretti (Palermo, Italy)

S

Symposium

43S1

Perioperative fluids: which one, how much, how long?

17:30 – 18:30

Room 14B

Chair: Daniela Ionescu (Cluj Napoca, Romania)

What to choose: Crystalloids? Colloids? Albumins?

Speaker: Michelle Chew (Linkoping, Sweden)

How to assess fluid responsiveness in the OR?

Speaker: Sheila Nainan Myatra (Mumbai, India)

(Goal-directed) fluid administration during and after surgery

Speaker: Brigitte Brandstrup (Copenhagen, Denmark)

LT

Lightning Talk

34LT1

How to manage sepsis-induced organ dysfunction

17:30 – 18:30

Chair: Anne Claire Lukaszewicz (Lyon, France)

Room 14A

**Liver dysfunction**

Speaker: Ilona Bobek (Budapest, Hungary)

Acute renal failure

Speaker: Melanie Meersch (Muenster, Germany)

**Myocardial dysfunction and failure**

Speaker: Mervyn Singer (London, United Kingdom)

Coagulopathy and Disseminated Intravascular Coagulation (DIC)

Speaker: Vincenzo Russotto (Orbassano, Italy)

Discussion

P

Panel Discussion

33P2

Perioperative respiratory support

17:30 – 18:30

Chair: Gary Mills (Sheffield, United Kingdom)

Room 14C

**Intraoperative ventilation**

Speaker: Lorenzo Ball (Genova, Italy)

CPAP and Non-Invasive Ventilation (NIV) after surgery

Speaker: Nuzhet Mert Senturk (Istanbul, Turkey)

Hi-Flo after surgery

Speaker: Arnaud Thille (Creteil, France)

Panel discussion

S

Symposium

10S3

Postoperative monitoring - Time to act in the surgical ward and beyond

17:30 – 18:30

Chair: Alexandre Joosten (Los Angeles, United States)

Room 13A

Postoperative continuous monitoring: modalities, advantages, challenges and debates

Speaker: Barak Cohen (Tel Aviv, Israel)

Preliminary results and scientific evidence

Speaker: Marjolein Haveman (Groningen, Netherlands)

Post-hospital discharge monitoring: is it a realistic ambition?

Speaker: Eva Rivas (Barcelona, Spain)

S

Symposium

11S1

From risk factors to long-term outcomes

17:30 – 18:30

Chair: Lisbeth Evered (New York, United States)

Room 13B

Complication 1: myocardial ischemia

Speaker: Giovanna Attilia Luisa Lurati Buse (Düsseldorf, Germany)

Complication 2: neurologic dysfunction

Speaker: Finn Radtke (Nykoebing, Denmark)

Complication 3: patient-reported outcomes (PROMS)

Speaker: Joana Berger-Estilita (Bern, Switzerland)

S

Symposium

25S2

Update on acute pain - What to know in 2024?

17:30 – 18:30

Chair: Ulrike Stamer (Bern, Switzerland)

Room 5

Neuropathic pain: what does the anaesthesiologist need to know?

Speaker: Caterina Aurilio (Naples, Italy)

Perioperative pain management, indicators and outcome measures - How can we improve?

Speaker: Winfried Meissner (Jena, Germany)

New recommendations for procedure-specific pain management from the PROSPECT working group

Speaker: Esther M. Pogatzki-Zahn (Muenster, Germany)

Pro-Con Debate

ESAD2

The Impact Factor (IF) should stay on track. Pro-con

Session organised by the European Journal of Anaesthesiology (EJA)

17:30 – 18:30

Chair: Marc Van de Velde (Leuven, Belgium)

ESAIC Expo

Pro - We still need the Impact Factor

Speaker: Hugh Hemmings (New York, United States)

Con - Let's get rid of it

Speaker: Charles Marc Samama (Paris, France)

Discussion and voting

SUNDAY 26 MAY 2024

S

Symposium

10S4

Artificial Intelligence (AI) in anaesthesia and intensive care: where are we?

08:15 – 09:15

Chair: Barak Cohen (Tel Aviv, Israel)

Room 14A

AI in anaesthesia

Speaker: Bernd Saugel (Hamburg, Germany)

AI in intensive care and the postoperative period

Speaker: Elena Giovanna Bignami (Parma, Italy)

Brave new world: the ethical implications for AI in clinical practice

Speaker: Robert Klitzman (New York, United States)

CB

Case-Based
Discussion

34CB1

Friday-night admission of a patients with severe infection and sepsis

08:15 – 09:15

Chair: Ilona Bobek (Budapest, Hungary)

Room 14C

Let's start with the initial resuscitation

Speaker: Yael Lichter (London, United Kingdom)

How to control infection? Focus on antibiotic management

Speaker: Giorgia Montrucchio (Turin, Italy)

How to manage respiratory insufficiency and ventilation

Speaker: Sabine Hemmes (Amsterdam, Netherlands)

Which additional therapies should I start?

Speaker: Despoina Koulenti (Athens, Greece)

LT

Lightning Talk

20LT1

Anaesthesia for cancer patients: the journey is not over yet

08:15 – 09:15

Chair: Lucillia Bezu (Villejuif, France)

Room 13A

**TIVA vs inhalation anaesthesia: what is the evidence?**

Speaker: Julia Dubowitz (Parkville, Australia)

Lidocaine and other local anaesthetics: which, how, when?

Speaker: Daniela Ionescu (Cluj Napoca, Romania)

Are opioids all bad? What about pain?

Speaker: Donal J. Buggy (Dublin, Ireland)

Any place for local anaesthetics in the context of immunotherapy?

Speaker: Lucillia Bezu (Villejuif, France)

Discussion

P

Panel Discussion

33P3

Pulmonary hypertension in anaesthesia and critical care

08:15 – 09:15

Chair: Nuzhet Mert Senturk (Istanbul, Turkey)

Room 13B

**How do I assess a patient with pulmonary hypertension for non-cardiac anaesthesia**

Speaker: Gary Mills (Sheffield, United Kingdom)

**How should I manage a patient with pulmonary hypertension in the OR**

Speaker: Nandor Marczin (Harefield, United Kingdom)

How should I manage a patient for obstetric anaesthesia with pulmonary hypertension

Speaker: Mukadder Orhan Sungur (Istanbul, Turkey)

How should I manage a patient on critical care with pulmonary hypertension

Speaker: Kris Bauchmuller (Sheffield, United Kingdom)

Panel discussion

ME

Meet-the-Expert

42ME1

Airway management with little or no device in the airway

08:30 – 09:15

Auditorium 1

Chair: Kemal Tolga Saracoglu (Doha, Qatar)

Airway management with little or no device in the airway

Speaker: Michael Seltz Kristensen (Copenhagen, Denmark)

L

Lecture

21L1

Anaesthesia during pregnancy: is it dangerous for the foetus?

08:30 – 09:15

Room 14B

Chair: Nuala Lucas (London, United Kingdom)

Anaesthesia during pregnancy: is it dangerous for the foetus?

Speaker: Steffen Rex (Leuven, Belgium)

PC

Prize Competition

BAPC

Best Abstract Prize Competition

08:30 – 10:30

ESAIC Expo

Chair: Idit Matot (Tel Aviv, Israel)
Jury: Ecaterina Scarlatescu (Bucharest, Romania)
Jury: Cesare Gregoretti (Palermo, Italy)

Postoperative innate immune dysregulation, proteomic and monocyte epigenomic changes after colorectal surgery: a substudy of a multicenter randomized controlled trial

Presenter: Kim Albers-Warlé (Nijmegen, Netherlands)

Intra-abdominal hypertension as a risk factor for acute kidney injury in geriatric patients after emergency abdominal surgery

Presenter: Sergiy Vorotyntsev (Zaporizhzhia, Ukraine)

Multi-institutional External Validation of Preoperative Risk Scores for 30-Day In-Hospital Mortality in Pediatric Patients

Presenter: Virginia Elizabeth Tangel (Rotterdam, Netherlands)

The incidence and risk factors for post-induction hypotension in emergent surgery

Presenter: Maksim Katsin (Ramat Gan, Israel)

The Patient-Centred Outcomes and Resource Utilisation after non-cardiac Surgery-Spain (PACORUS-S) study: a cohort using administrative electronic data

Presenter: Nicolás Meza (Viña del Mar, Chile)

Machine Learning Algorithms Predict the 28 Day Survival Rate of Sepsis-related Encephalopathy Patients: a Retrospective Study Based on the MIMIC-IV database

Presenter: Xiyuan Xie (Fuzhou, China)

P

Panel Discussion

12P1

Controversies in regional anaesthesia

09:30 – 10:30

Auditorium 1

Chair: Tatiana Sidiropoulou (Athens, Greece)

Regional anaesthesia in trauma – To block or not to block?

Speaker: Luc Sermeus (Brussels, Belgium)

Preventing nerve injury when performing regional anaesthesia

Speaker: Eric Albrecht (Lausanne, Switzerland)

Artificial Intelligence (AI) and regional anaesthesia

Speaker: Alan Macfarlane (Glasgow, United Kingdom)

Panel discussion

LT

Lightning Talk

23LT2

How to take care of the aging world?

09:30 – 10:30

Room 14B

Chair: Carolyn Weiniger (Tel Aviv, Israel)

Evidence-based strategies for optimal pain management: addressing challenges to enhance care of the elderly

Speaker: Patrice Forget (Aberdeen, United Kingdom)

Ensuring safe anaesthesia care for the elderly

Speaker: Benedikt Preckel (Amsterdam, Netherlands)

Preserving cognitive health: nurturing brain function for enhanced quality of life

Speaker: Finn Radtke (Nykoebing, Denmark)

Embracing sustainability in anaesthesia: paving the way for a greener golden age

Speaker: Susanne Koch (Berlin, Germany)

Discussion

P

Panel Discussion

31P2

Traumatic Brain Injury (TBI) – What's new and where do the guidelines lead us?

09:30 – 10:30

Room 14A

Chair: Özlem Korkmaz Dilmen (Istanbul, Turkey)

Treatment of TBI patients according to the guidelines – Where do we stand?

Speaker: Özlem Korkmaz Dilmen (Istanbul, Turkey)

Managing blood calcium levels in TBI patients

Speaker: Aeyal Raz (Haifa, Israel)

Personalised approach to rehabilitation following TBI

Speaker: Dana Baron Shahaf (Haifa, Israel)

Panel discussion

S

Symposium

24S1

Emergency medicine and the paediatric patient

09:30 – 10:30

Chair: Bernd Böttiger (Cologne, Germany)

Room 14C

Cardiac arrest in children: treatment, post-resuscitation care and outcomes

Speaker: Franziska Markel (Leipzig, Germany)

Severe thoracic and abdominal trauma in children

Speaker: Karin Becke-Jakob (Nuremberg, Germany)

Paediatric traumatic brain injury: multimodal monitoring and autoregulation assessment

Speaker: Daniele Guerino Biasucci (Rome, Italy)

LT

Lightning Talk

10LT2

Controversies in perioperative hyperglycaemia management

09:30 – 10:30

Chair: Donal J. Buggy (Dublin, Ireland)

Room 13A

The perioperative management of patient with diabetes including patients on insulin pump therapy

Speaker: Jorinde A.W. Polderman (Amsterdam, Netherlands)

Recognising and managing perioperative glycaemic lability

Speaker: Simon Howell (Leeds, United Kingdom)

Does perioperative hyperglycaemia impact postoperative outcomes?

Speaker: Barak Cohen (Tel Aviv, Israel)

Aggressive treatment of intraoperative hyperglycaemia and graft dysfunction

Speaker: Annabel Blasi (Barcelona, Spain)

Discussion

LT

Lightning Talk

32LT2

Avoiding drama in the OR – Proactive haemodynamic management strategies for the perioperative patient

09:30 – 10:30

Chair: Michael Sander (Giessen, Germany)

Room 13B

You need to measure blood pressure, so please measure it continuously

Speaker: Agnes Meidert (Munich, Germany)

We need cardiac output monitoring for high-risk surgery

Speaker: Bernd Saugel (Hamburg, Germany)

Closed-loop fluid management – The computer can give fluids better than you

Speaker: Alexandre Joosten (Los Angeles, United States)

Artificial intelligence in the OR – We need predictive monitoring in anaesthesia to prevent haemodynamic instability

Speaker: Denise Veelo (Amsterdam, Netherlands)

Discussion

Case-Based Discussion

22CB2

Perioperative fluid management in infants and children

15:45 – 16:45

Chair: Maren Kleine-Brueggeney (Berlin, Germany)

Room 14A

The child with renal failure undergoing surgery

Speaker: Shirley Friedman (Tel Aviv, Israel)

Fluid management in neonates: is it different?

Speaker: Thierry Pirotte (Brussels, Belgium)

Fluid management in a paediatric trauma patient

Speaker: Peter Kenderessy (Banska Bystrica, Slovakia)

S

Symposium

32S1

Cardiac challenges in non-cardiac surgery

Session organised by the European Association of Cardiothoracic Anaesthesiology and Intensive Care (EACTAIC)

15:45 – 16:45

Chair: Mona Momeni (Brussels, Belgium)

Room 14C

Perioperative management of patients with heart failure with preserved ejection fraction (HFpEF)

Speaker: Patrick Wouters (Ghent, Belgium)

Can we modify the perioperative risk associated with Pulmonary Hypertension ?

Speaker: Steffen Rex (Leuven, Belgium)

Are we prepared to care for the growing surgical population of patients with grown-up congenital heart disease?

Speaker: Dominique Anne Bettex (Zurich, Switzerland)

P

Panel Discussion

34P1

New threats in ICU infections: impact of pandemic, climate change, migrations, and emerging pathogens

15:45 – 16:45

Chair: Giorgia Montrucchio (Turin, Italy)

Room 13A

Challenging scenarios in ICU infections: travel back, migrations, climate change and neglected diseases

Speaker: Pedro Pova (Lisbon, Portugal)

The next pandemic will be... (influenza, a novel coronavirus, a vector-borne infection?)

Speaker: Jordi Rello (Barcelona, Spain)

Antibiotics, antimicrobial resistance, nosocomial infections and equity: from single-patient to One-Health perspective

Speaker: Despoina Koulenti (Athens, Greece)

Panel discussion

S

Symposium

10S5

What's new in perioperative medicine: a US perspective

Session organised by the American Society of Anesthesiologists (ASA)

American Society of
Anesthesiologists

15:45 – 16:45

Chair: Sheela Pai Cole (Palo Alto, United States)

Room 13B

Perioperative readiness: what do we need to think about before elective surgery?

Speaker: Sheela Pai Cole (Palo Alto, United States)

Keeping our patients safe: what's new in patient and medication safety?

Speaker: Elizabeth Rebello (Houston, United States)

Managing pain in the perioperative period - Pearls in pain control in 2024

Speaker: Eugene Viscusi (Philadelphia, United States)

LT

Lightning Talk

Local anaesthetic toxicity in the parturient

Speaker: Alan Macfarlane (Glasgow, United Kingdom)

Cardiac arrest in obstetrics

Speaker: Nuala Lucas (London, United Kingdom)

Optimising crisis management – The role of human factors

Speaker: Guy Serge Antoine Haller (Geneva, Switzerland)

Second victim: when the carer cared and now needs care

Speaker: Sarah Devroe (Leuven, Belgium)

Discussion

S

Symposium

10S6

Regional versus general anaesthesia: friend or foe?

Session organised by the British Journal of Anaesthesia (BJA)

17:00 – 18:00

Room 14B

Chair: Hugh Hemmings (New York, United States)

Chair: Kate Leslie (Melbourne, Australia)

Cancer recurrence

Speaker: Donal J. Buggy (Dublin, Ireland)

Environmental impact

Speaker: Jodi Sherman (New Haven, United States)

Patient-centered outcomes in hip arthroplasty

Speaker: David Hewson (Nottingham, United Kingdom)

D

Pro-Con Debate

33D1

Pressure-controlled or volume-controlled ventilation to avoid postoperative pulmonary complication? Pro-con

17:00 – 18:00

Room 14A

Chair: Gary Mills (Sheffield, United Kingdom)

Volume-controlled ventilation is better

Speaker: Carlo Alberto Volta (Ferrara, Italy)

Pressure-controlled ventilation is better

Speaker: Gianmaria Cammarota (Perugia, Italy)

Discussion and voting

P

Panel Discussion

30P1

Frailty and age as contraindications for organ transplant

17:00 – 18:00

Room 14C

Chair: Annabel Blasi (Barcelona, Spain)

Current level of evidence for contraindicating organ transplant in aged and frail patients

Speaker: Emmanuel Weiss (Clichy, France)

Tools to assess frailty in the context of organ transplantation

Speaker: Ivette Chocrón Da Prat (Barcelona, Spain)

Do anaesthesia and surgery have an impact on cognitive outcome in transplanted patients?

Speaker: Yotam Weiss (Tel Aviv, Israel)

Is there room for improvement in the management of organ transplant in aged and frail patients?

Speaker: Fuat Hakan Saner (Riyadh, Saudi Arabia)

Panel discussion

LT

Lightning Talk

Speaker: Jakob Wittenstein (Dresden, Germany)

Peri-interventional Outcome Study in the Elderly (POSE)

Speaker: Ana Kowark (Bonn, Germany)

Renalprotection Network (RAPNet)

Speaker: Raphael Weiss (Munich, Germany)

SP

Spotlight Session

31SP2

How to keep a young brain healthy

*Highlight of the Focus Meeting 2023

Focus Meeting ²³

12:00 – 13:00

Room 14C

Chair: Markus Florian Stevens (Amsterdam, Netherlands)

Pathophysiology of potential anaesthesia-induced brain damage in the very young

Speaker: Jurgen C. De Graaff (Rotterdam, Netherlands)

What is the real impact of repeated surgery and anaesthesia in the very young?

Speaker: Nadia Najafi (Brussels, Belgium)

General philosophy of surgery in the very young: how often is secure?

Speaker: Laszlo Vutskits (Geneva, Switzerland)

SP

Spotlight Session

31SP3

How to keep the doctor's brain healthy

*Highlight of the Focus Meeting 2023

Focus Meeting ²³

12:00 – 13:00

Room 13A

Burnout among trainees in anaesthesiology: a real problem?

Speaker: Igor Abramovich (Berlin, Germany)

Current aspirations of trainees for a healthy mind training

Speaker: Sarah Saxena (Brugge, Belgium)

How to avoid burnout in a team

Speaker: TBC

SP

Spotlight Session

31SP1

**Anaesthesia, surgery and dementia: is there a link?
Meet-the-Expert**

*Highlight of the Focus Meeting 2023

Focus Meeting ²³

12:15 – 13:00

Chair: Yotam Weiss (Tel Aviv, Israel)

Room 14A

Anaesthesia, surgery and dementia: is there a link? Meet-the-Expert
Speaker: Lisbeth Evered (New York, United States)

S

Symposium

10S7

Initiatives to promote quality of care and patient safety

12:15 – 13:15

Chair: Basak Ceyda Meço (Ankara, Turkey)

ESAIC Expo

Structured feedback for physician to improve patient's care

Speaker: Basak Ceyda Meço (Ankara, Turkey)

Patient engagement to improve care: patient-reported health-related quality of life

Speaker: Biljana Kuzmanovska (Skopje, North Macedonia)

Undergraduate and postgraduate patient safety training: the trainee's view

Speaker: Dora Karmelic (Zagreb, Croatia)

S

Symposium

ESAS7

Hot Topics in ESAIC Guidelines

Session organised by the ESAIC Guidelines Committee

13:30 – 14:30

Chair: Peter Kranke (Würzburg, Germany)

Auditorium 1

Fasting in adults

Speaker: Federico Bilotta (Rome, Italy)

Epidural management in labour patients

Speaker: Nicolas Brogly (Madrid, Spain)

Pre-operative evaluation of adults undergoing elective non-cardiac surgery

Speaker: Massimo Lamperti (Abu Dhabi, United Arab Emirates)

Venous thromboembolism guidelines: what's in the first update?

Speaker: Charles Marc Samama (Paris, France)

LT

Lightning Talk

10LT4

Do we have standardised outcome measures for perioperative care?

13:30 – 14:30

Chair: Joana Berger-Estilita (Bern, Switzerland)

Room 14B

Use and mis-use of composite outcomes

Speaker: Daniel Sessler (Cleveland, United States)

Which vital signs are important to predict outcome?

Speaker: Elena Giovanna Bignami (Parma, Italy)

Standardised endpoints for cardiovascular outcome in perioperative medicine

Speaker: Kate Leslie (Melbourne, Australia)

The impact of perioperative anaemia on postoperative outcome

Speaker: Sibylle Langenecker (Vienna, Austria)

Discussion

S

Symposium

33S2

Ventilation during anaesthesia: what are the recommendations?

13:30 – 14:30

Chair: Lorenzo Ball (Genova, Italy)

Room 14A

Protective ventilation during anaesthesia

Speaker: Sabrine Hemmes (Amsterdam, Netherlands)

Recruitment manoeuvres to everyone or only to selected patients?

Speaker: Lorenzo Ball (Genova, Italy)

What is the place of Continuous Positive Airway Pressure (CPAP) or High-Flow Nasal Cannula (HFNC) in PACU?

Speaker: TBC

S

Symposium

22S3

Tips for improving safety and comfort in the paediatric patient

13:30 – 14:30

Chair: Margaret Ekstein (Tel Aviv, Israel)

Room 14C

Sedation outside the operating room

Speaker: Nadia Najafi (Brussels, Belgium)

Safety issues in premedication

Speaker: Michael Brackhahn (Hannover, Germany)

Dental office based general anaesthesia in autistic children

Speaker: Vladimir Cerny (Ústí Nad Labem, Czech Republic)

S

Symposium

32S2

The critically-ill patient (acute non-cardiac illness) with severe cardiac comorbidity

13:30 – 14:30

Chair: Bernard Cholley (Paris, France)

Room 13A

The role of valvular pathologies in managing the hypovolemic patient

Speaker: Yael Lichter (London, United Kingdom)

HFpEF - How to better control fluid status? (Early invasive haemodynamic monitoring)

Speaker: Michelle Chew (Linkoping, Sweden)

HFrfEF - When, which and how much inotropes?

Speaker: Bernard Cholley (Paris, France)

P

Panel Discussion

ESAP2

Teamwork in anaesthesiology

Session organised by the ESAIC Trainees Committee

13:30 – 14:30

Chair: Diogo Pimentel Mendes Morais (Vila Real, Portugal)

Room 13B

Trauma and surgeons

Speaker: Mathilda Knoblauch (Munich, Germany)

Obstetric and gynecologists

Speaker: Carolyn Weiniger (Tel Aviv, Israel)

The trainee and the 'boss'

Speaker: Wolfgang Buhre (Utrecht, Netherlands)

Panel discussion

S

Symposium

10S8

Engaging patients and relatives for their own quality of care

Session organised by the ESAIC Patient Safety and Quality Committee

13:45 – 14:45

ESAIC Expo

Chair: Guy Serge Antoine Haller (Geneva, Switzerland)

How to get nurses and relatives involved in family-centred care in the hospital

Speaker: Margo Van Mol (Rotterdam, Netherlands)

Using checklists for patients to engage themselves in pre- and postoperative optimisation

Speaker: Arvid Steinar Haugen (Bergen, Norway)

Family participation and support in ICU: balancing risks and benefits

Speaker: Marie Madlen Jeitziner (Bern, Switzerland)

S

Symposium

31S2

Sedation in neurocritically ill patients

15:00 – 16:00

Room 14A

Chair: Vincent Bonhomme (Liège, Belgium)

Sedation strategy in different neurocritical pathologies: an update

Speaker: Evgeni Brotfain (Beer Sheva, Israel)

Sedation vacation in NICU: main concept and guidelines update (virtual presentation)

Speaker: Chiara Robba (Genova, Italy)

Withdrawal from opiates and benzodiazepines in NICU patients: diagnosis and management

Speaker: Federico Bilotta (Rome, Italy)

S

Symposium

25S5

New insight into the treatment of patients with chronic pain

15:00 – 16:00

Room 14C

Chair: Silviu Bril (Tel Aviv, Israel)

Are we expecting new analgesics?

Speaker: Magdalena Kocot-Kepska (Krakow, Poland)

A multiprofessional approach to opioid use

Speaker: Jane Quinlan (Oxford, United Kingdom)

Is there a place for placebos in pain management?

Speaker: Ornella Piazza (Baronissi, Italy)

S

Symposium

42S2

Lessons learned from INTUBE: medications, videolaryngoscopes and much more

15:00 – 16:00

Chair: Kemal Tolga Saracoglu (Doha, Qatar)

Room 13A

INTUBE and following sub-studies highlighted important roles

Speaker: Vincenzo Russotto (Orbassano, Italy)

Videolaryngoscopes, guidelines implementation and capnography

Speaker: Sheila Nainan Myatra (Mumbai, India)

Where are we 4 years later?

Speaker: Kemal Tolga Saracoglu (Doha, Qatar)

S

Symposium

43S3

Issues in patients with perioperative anaemia

15:00 – 16:00

Chair: Isabell Pekrul (Munich, Germany)

Room 13B

Preoperative anaemia: an independent risk factor or just a symptom of co-morbidities?

Speaker: Lutz Kaufner (Berlin, Germany)

How to manage anaemic patients prior to elective non-cardiac surgery

Speaker: Jens Meier (Linz, Austria)

Postoperative anaemia: active surveillance versus proactive treatment

Speaker: Elvira Bisbe Vives (Barcelona, Spain)

P

Panel Discussion

10P2

Your workforce shortage in context

Session organised by the World Federation of Societies of Anesthesiologists

15:00 – 16:00

Chair: Adrian Gelb (San Francisco, United States)

Room 5

Co-Chair: Else-Marie Ringvold (Lorenskog, Norway)

Mapping the global anaesthesia workforce

Speaker: Tyler Law (San Francisco, United States)

Different models for the anaesthesia workforce: AFRICA

Speaker: Fred Bulamba (kampala, Uganda)

Different models for the anaesthesia workforce: EUROPE

Speaker: Else-Marie Ringvold (Lorenskog, Norway)

National considerations in workforce planning

Speaker: Adrian Gelb (San Francisco, United States)

Panel discussion
