PROMOTING RESEARCH AND PATIENT SAFETY

Focus on the Patient Safety and Quality Committee

Patient Safety education at ESAIC is aimed at providing key knowledge on safety in acute settings: intensive care, anaesthesiology and perioperative care and emergency settings. Programmes are built on the overarching principles of the [Helsinki Declaration on Patient Safety in Anaesthesiology](#), the [Consensus Statement](#) of the multi-Society Patient safety Summit at the European Parliament, and the [WHO Multi-professional Patient Safety Curriculum](#). Our events are delivered by specialists in Patient Safety who are experts in education. We use an interactive, multi- platform approach, integrating technology and group work.

Meet the key stakeholders of the Patient Safety and Quality Committee during dedicated ESAIC Expo sessions.

ESAS4

European Perioperative Patient Safety Standards Implementation (SAFEST): barriers and facilitators

Session organised by the ESAIC Patient Safety and Quality Committee

LT

Lightning Talk

27 May 2024
08:00 – 09:00

ESAIC Expo

Chair: Maria Wittmann (Bonn, Germany)

Perioperative patient safety self-evaluation experience

Speaker: Kaja Polluste (Tartu, Estonia)

Perioperative patient safety standards prioritisation

Speaker: Daniel Arnal (Alcorcon, Spain)

Perioperative patient safety standards collaborative quality improvement planning

Speaker: Maria Wittmann (Bonn, Germany)

Focus on the Research Committee

The Research Committee supports numerous research initiatives, including:

- The **Clinical Trial Network** : providing an infrastructure for Institutions, clinicians and scientists to work on collaborative observational research across international borders to improve patient care (SQUEEZE, MOPED, ENCORE, ARCTIC-I are currently recruiting)
- The **Academic-Contract Research Organisation (A-CRO)** : supporting clinical trials of healthcare sponsors and European sponsored projects and providing innovative solutions for trials to be conducted cost-effectively with the highest quality and speed.
- **The Research Groups** : helping group of experts on specific topics to develop standards, definitions, methodologies and perform research in the field of Anaesthesia, Perioperative Medicine, Intensive Care, Emergency and Pain Medicine.
- **ESAIC Grants** : promoting research in Europe and encourage our community to extend the frontiers of their practice.
- The **Mentorship Programme** : promoting one to one professional development of young researchers and experienced investigators.

Meet the key stakeholders of the Research Committee's initiatives during a dedicated ESAIC Expo session.

S
Symposium

ESAS5

EU Projects in action! Discover the ongoing research projects led by ESAIC within the EU Consortium

Session organised by the ESAIC Research Committee

27 May 2024
09:30 – 10:30

ESAIC Expo

Chair: Mark Coburn (Bonn, Germany)

Potential of FX06 to improve disease severity in Acute Respiratory Distress Syndrome (ARDS) patients (Ixion)

Speaker: Kai Zacharowski (Frankfurt, Germany)

Artificial Intelligence based decision support systems in the ICU

Speaker: Jakob Wittenstein (Dresden, Germany)

Enhancing Palliative Care in the ICU - Support for patients, families and clinicians

Speaker: Christiane Hartog (Berlin, Germany)

S

Symposium

ESAS6

Research in action! Discover the latest research lead by 3 ESAIC Research Groups

Session organised by the ESAIC Research Committee

27 May 2024
10:45 – 11:45

ESAIC Expo

Chair: Mark Coburn (Bonn, Germany)

PROprotective Ventilation Network (**PROVENet**)

Speaker: Jakob Wittenstein (Dresden, Germany)

Peri-interventional Outcome Study in the Elderly (POSE)

Speaker: Ana Kowark (Bonn, Germany)

Renalprotection Network (RAPNet)

Speaker: Raphael Weiss (Munich, Germany)

S

Symposium

10S7

Initiatives to promote quality of care and patient safety

27 May 2024
12:15 – 13:15

ESAIC Expo

Chair: Basak Ceyda Meço (Ankara, Turkey)

Structured feedback for physician to improve patient's care

Speaker: Basak Ceyda Meço (Ankara, Turkey)

Patient engagement to improve care: patient-reported health-related quality of life

Speaker: Biljana Kuzmanovska (Skopje, North Macedonia)

Undergraduate and postgraduate patient safety training: the trainee's view

Speaker: Dora Karmelic (Zagreb, Croatia)

S

Symposium

10S8

Engaging patients and relatives for their own quality of care

Session organised by the ESAIC Patient Safety and Quality Committee

27 May 2024
13:45 – 14:45

ESAIC Expo

Chair: Guy Serge Antoine Haller (Geneva, Switzerland)

How to get nurses and relatives involved in family-centred care in the hospital

Speaker: Margo Van Mol (Rotterdam, Netherlands)

Using checklists for patients to engage themselves in pre- and postoperative optimisation

Speaker: Arvid Steinar Haugen (Bergen, Norway)

Family participation and support in ICU: balancing risks and benefits

Speaker: Marie Madlen Jeitziner (Bern, Switzerland)
